Application for Photovoltaic Plan Review-Accessory/Stand Alone Structures

On December 9th, 2022 Massachusetts adopted NFPA 1, 2021 Edition, with Massachusetts Amendments. There were significant changes made to Chapters 11 and 52 regarding Photovoltaic (PV) Systems both with and without energy storage. ALL PV systems permitted after 12/9/22 shall follow this code and are to be reviewed by the AHJ of the Fire Department before installation. NFPA 855 shall also be referenced for installations of Energy Storage Systems on accessory structures and stand-alone system.

Installation Address: _____ Owner's Name: _____

Installation Company Name: _____

Company Address: _____

Project Supervisor Name: _____ Email Address: _____
